A NEW HIGH - AND LOW

Holmes Alexander really outdid Holmes Alexander in his column on the editorial page of The Dothan Eagle Friday, Aug. 19, in his expressions of totalitarian thought.

As might be supposed, he has been an admirer of John Fitzgerald Kennedy since Kennedy was first mentioned for President, but his admiration for Kennedy is nothing compared with his admiration of Charles de Gaulle, who, along with Castro in Cuba and Nasser in Egypt, are the present brightest new stars in the totalitarian sky.

It seems that Holmes Alexander is in France and naturally sought an audience with De Gaulle. De Gaulle was on vacation. But that did not deter Alexander from sending back to America a column of adoration, filled with such references as:

"He is greater than a man—a god. And he has brought off miracles in the short history of the Fifth Republic. When Mr. Eisenhower took the first tumble at the called-off Summit meeting, and continued to fall with subsequent humiliations, De Gaulle became the biggest of the Big Three, the biggest single figure in the Free World."

It is natural to suppose that Mr. Alexander thinks only John Fitzgerald Kennedy, the boy with the Pepsi smile, could equal De Gaulle as one of "The Big Three." By that time it would be "The Big Two"—England would be out of it entirely. It's easy to forecast the turns a mind like that takes, if you've ever come in contact with it over a period of years, because it thinks according to a definite pattern.

It was only four months ago that Holmes Alexander advocated in his column in The Dothan Eagle (Apr. 18, 1960) that De Gaulle should be given the proxy of the United States at the then approaching Summit Conference. His latest eulogy, therefore, is a natural follow-up.

A BOOST FOR SOUTHEAST ALA.

A gathering at the Community Center, Geneva, last week, was the kind of meeting which acquaints the business world with the progress under way in Southeast Alabama.

The meeting was called by W. T. Benson, of Benson Wholesale Co., and was attended by more than 300 representatives of firms which supply groceries to Biggy Wiggy stores operated by Benson.

But the meeting was the kind which left them with a very definite favorable impression of the general growth of the area. They were shown pictures of factories which have been established in Southeast Alabama, and of the progress which has made possible Benson's 4,000 per cent expansion within the last 12 years.

A representative group of business men in Southeast Alabama learned first-hand about the possibilities of Southeast Alabama and Northwest Florida.

JOHN C. COTTEN

(Pd. Pol. Adv. by John Cotten, Elba, Ala.)

Army Major From Elba Commands Missile Battalion on Okinawa, Pacific Outpost

Major J. E. Reeves

A native of Elba, Army Major James E. Reeves, is now commanding officer of the well known 1st. Missile Battalion, 60th Artillery, on Okinawa, America's small but powerful defense outpost in the Western Pacific.

Okinawa's 60th Artillery earned a reputation for "1st" during the initial Nike Hercules service firing had on the Pacific Island from Nov. 1950 to Jan. 1951, firing at tiny jet-prop target planes flying at high speed far out in the East China Sea. Major Reeves' mission achieved the following:

1. 100 percent "kill" for the entire practice with all eight 60th-fired Nike Hercules missiles hitting their elusive targets. 2. The first Nike Hercules service practice firing at

Nike Hercules missilemen.

Began in 1940
Major Reeves' career in the United States Army began in November 1940 when he was called to active federal duty as an artillery corporal in the 31st. "Dickie" National Guard Division. He was selected for the Officers Candidate School at Fort Sill, Okla., and became a 2nd Lt. in the Artillery in 1942.

During World War II, Major Reeves served in the Pacific area with the 68th Infantry Division. During the Korean conflict, he served with the United States IX Corps Artillery during the bitter fighting against the Chinese and Korean Communist forces from January 1951 to January 1952.

Home-stick
Major Reeves admits he sometimes gets a little homesick for Alabama. "Although my parents are not living, I have a lot of family there," he said. Living at Elba are his brother, Maxwell, and four married sisters: Mrs. Fallow Bryan, Mrs. William Scarborough, Mrs. Foy Bowdoin, and Mrs. Dick Brown. Another brother, Sergeant First Class Foy M. Reeves, presently assigned to an Army missile unit in Germany.

His family is with Major Reeves on Okinawa. His wife, Mrs. Rena Johnson Reeves, is a native daughter of Troy. The children include Patricia, 16, a high school junior, and the 3-year-old twin boys, Jimmy and Johnny.

CLEO HAWKINS

(Pd. Pol. Adv. by Cleo Hawkins, Elba, Ala.)

IN ALABAMA...

You pay \$1.10* tax on 10 gallons of gasoline

*Does not include local taxes

Gasoline taxes up 51% in ten years

Increases in the federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 7 cents a gallon, plus local taxes.

Looking at it another way, in the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period. \$84 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state pays \$84 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

In Alabama, car owners pay \$1.10 in State and Federal taxes alone on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes in this state amount to a 50% sales tax—and that's over five times as high as the tax rate on luxuries like diamonds and mink coats.

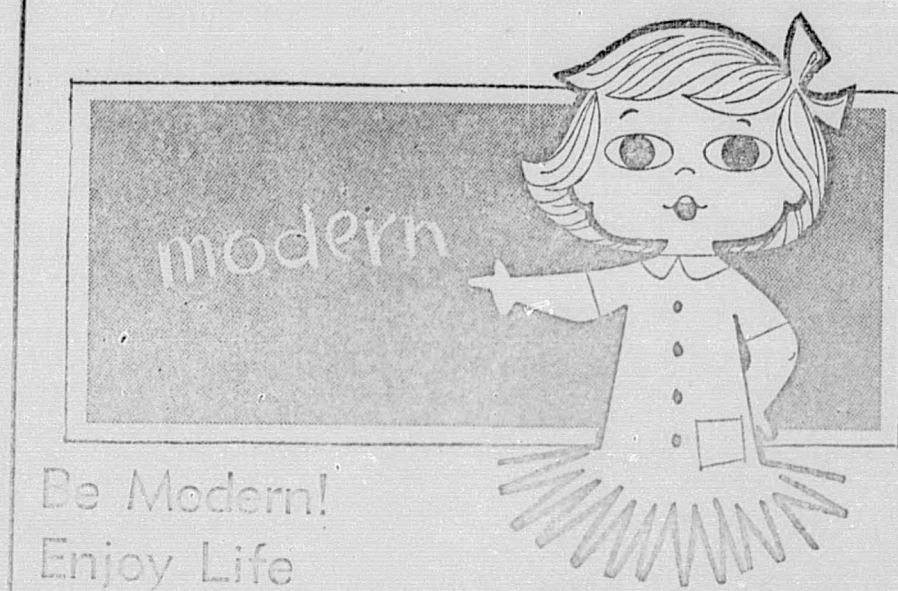

How did gasoline taxes get so high? Well, since World War II, there have been three increases in the federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 7 cents a gallon, plus local taxes.
